HISTORIC SPANISH REVIVAL

LA JOLLA, CALIFORNIA

Reminiscent of old La Jolla, this 1927 historic landmark is one of the few true estates "in town." Designed by master architect Herbert E. Palmer this 7 bedroom, 5.5 bath home features majestic ocean views, an office, a pool, a tennis court, rolling lawns, a small orchard, and a rose garden all on almost an acre of primarily flat land. The design and detail is extraordinary throughout bringing you right back to the time period of the true Spanish Colonial estates. **\$12,500,000**
